To Whom It May Concern:

We are a small preschool within a church, which means we have limited resources. Combining that with the current economic conditions forces us to do more with less.

We were stuck in a bad copier lease. The machine was costing us an arm and a leg, breaking down all the time, and our communication with parents, board members and the need to meet our compliance requirements was constantly interrupted.

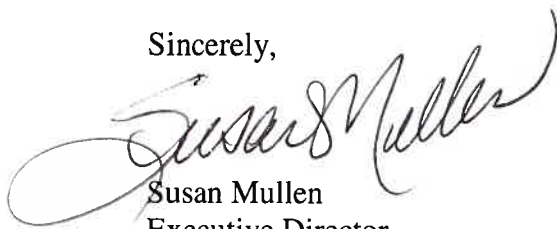

We called Rick Gee, and are we glad we did! He came in assessed our needs and reviewed the cost effectiveness of our systems. He then came up with a creative solution that really exceeded our expectations. He was able to give us what we needed and reduce our expenses by 43%!

It's obvious to us here at St. John's that Rick works collaboratively, cares about his clients and puts their best interests first.

He's definitely not the typical salesman who comes in pushing his products or using sales tactics or trying to "hard close" us. Instead he took the time to get to know us and what we needed making us confident in his recommendations.

If you have a chance to consult with Rick, we say do it! He can deliver the results that your business needs.

Sincerely,

Susan Mullen
Executive Director
St. John's TLC Preschool

Sue Byrne
Church Administrator
St. John's United Methodist Church
